

## Get On The Right Track >>

Trailer Tracking Made Easy, User-Friendly, and Fast From SkyBitz

SkyBitz delivers an easy to use tracking and information management solution that provide a clear line of sight to your trailers anytime, anywhere. But knowing the location of your trailers is only half the battle. SkyBitz also arms you with valuable tools to turn that trailer information into knowledge needed to make instant business decisions.

SkyBitz's patented Global Locating System (GLS) can complete a network transaction in just seconds and operates for years on the same AA lithium battery pack giving you a trailer tracking system that requires virtually no maintenance.

Today over 170 fleets across North America are using SkyBitz trailer tracking to:

- >> **Improve Trailer Efficiency**
- >> **Reduce Trailer to Tractor Ratio**
- >> **Save Man-Hours Doing Yard Checks**
- >> **Improve JIT Load Management**
- >> **Recover Lost or Stolen Loads and Trailers**
- >> **Improve Customer Response and Service**

### **SkyBitz Trailer Tracking Buying Guidelines**

As the leader in the trailer tracking industry, SkyBitz has created standard buying guidelines for fleet owners to use as they are evaluating trailer tracking providers. Contact SkyBitz today to get your free copy or go to [www.skybitz.com](http://www.skybitz.com) to download a copy.

### **The SkyBitz Competitive Advantage:**

"As a transporter of hazardous materials, our top priority is to ensure the safe and secure delivery of goods to our customers. The SkyBitz tracking intelligence gives us **peace of mind so we can concentrate on other aspects of our business.**"

*David Bennett, Executive Vice President of Tri-State Motor Transit Co.*

"With SkyBitz we didn't spend days implementing the technology, and our trailers were **on the road within 15 minutes**, resulting in significant time and cost savings."

*Daryl Deel, president, R&R Trucking*

"SkyBitz's GLS technology gives us the two-way communication capability that allows for complete asset utilization, as well as the ability to change reporting schedules over the air, ensuring **loads are monitored until they arrive safely** at their final destination."

*Carl Recher, Vice President Chemical Operations, Groendyke Transport, Inc.*

### **Contact SkyBitz today at**

**1-877-2SkyBitz** (1-877-275-9248) or **sales@SkyBitz.com** and let us calculate a ROI for your fleet so you can see why NOT buying SkyBitz is costing you too much. You will soon see why 84% of our customers rate SkyBitz Customer Care as one of the top three support services they have ever experienced!
